POLENTINO®

Paiolo ø 25
Paiolo ø 31

ELECTRIC COPPER POT

For delicious, easy to make polenta...without all the hard work. **Polentino** mixes the polenta mixture slowly and continuously inside a pot made of food grade 99.9% pure copper for even, homogeneous cooking.

The practical steel handles make it easy to pour the polenta, whilst the blade and motor can be removed for ease of cleaning. **Polentino** is available in two diameters, 25 and 31 cm, perfect for 5 to 14 people respectively.

Safety cable holder

Steel pot handles

Compact motor unit

Removable blade and motor for ease of cleaning
